JOURNEY TO EXCELLENCE

Scouting's Journey to Excellence

2014 Crew Performance Recognition Program

Journey to Excellence changes the basic way we measure and recognize success in the Boy Scouts of America by moving away from measuring process and moving to measuring performance. The following provides specific information to help you understand the criteria and exactly what data will be used to determine the three levels of performance. In planning your strategy, use actual numbers from the previous year to guide your performance improvement goal planning. The crew youth leaders should take the lead in making this assessment. In each area, the crew may qualify by meeting a specific standard or by showing measured improvement.

1	The crew has regular activities (not including normal crew meetings).
2	At charter renewal time, have an increase in the number of youth members over the number of youth members on the previous year's charter renewal. A membership growth plan template can be found at www.scouting.org/membership .
3	Number of youth members on this year's charter renewal (C) divided by the number of youth members on last year's charter renewal (D) plus any additional youth members (E) minus any transfer-outs or age-outs (F). Total = (C) / (D+E-F).
4	The crew has elected youth leaders as president, vice president, secretary, and treasurer who are leading the activities of the crew.
5	The crew participates in at least two service projects during the year and enters them on the Journey to Excellence website. The projects may be completed as joint projects with other organizations. At least one project must benefit the chartered organization.
6	Have a crew Advisor and a committee with at least three members. Advisor and two-thirds of registered adults (paid or multiple registration) have completed leader-specific training or, if new, will complete within three months of joining. Half of youth members participate in Introduction to Leadership Skills for Crews.
7	Number of crew members who participate in at least one super activity, divided by the number of Venturers registered in the crew as of June 30, 2014.
8	The crew has a written budget that is reviewed at all crew committee meetings, and the crew follows BSA policies relating to fundraising and fiscal management as found on the Unit Money-Earning Application form, the crew treasurer's book, and any other publication that the council has developed for fundraising and fiscal management.
9	The crew meetings have activities that include a physical fitness component. This is ongoing and members can track their performance. The crew is introduced to the SCOUTStrong PALA award by going to www.scouting.org/SCOUTStrongPALA .
10	Complete the crew's charter renewal paperwork, including all required signatures, and submit completed forms to the council service center or your commissioner before the end of the charter year. Provide all email addresses for parents and registered adults on charter renewal forms and promote the MyScouting Tools accessed through your MyScouting account.

Scoring the crew's performance: To determine the crew's performance level, you will use the above information to determine the points earned for each of the 10 individual criteria and then add those individual point scores to determine a composite score. Count only the highest point total achieved in any one criterion. Bronze level requires earning points in at least 8 criteria plus 700 points, Silver level requires earning points in at least 8 criteria and 1,000 points, and Gold level requires earning points in at least 8 criteria and 1,600 points.
