

Thunderbird District

2018 Fall Camporee Manual

The Scouting Spirit

Our mission is to assist, guide, explore and lead new Cub Scouts to discover all the great things you can do in Boy Scouts by demonstrating great Scout Skills – and Fun!

The Bobcat Round Up

All Cub Scouts are welcome and encouraged to attend with their entire Pack.

Cub Scouts are also welcome to attend for Saturday only provided at least 2 leaders attend for the day.

Tiger & Lion Cubs are allowed to attend any part or all of the weekend as long as their Tiger Pal is with them.

Camporee Demonstration Events

Bobcat Trail

Cub Scouts will be divided into groups and led by Boy Scouts through each demonstration event. While going from event to event, the requirements to earn Bobcat will be explained and taught.

All demonstrations are to occur on the EAST side of the Creek.

Friday Evening Events

We begin with setting up camp and registration as always from 4 to 8 pm.

8:30 PM – Opening Campfire at the main Council Ring near Emerson. You are encouraged to walk there.

Please plan a skit or song in advance. Our OA Ceremonial Team members are planning some unique things as a surprise – they only request that the skits on both Friday and Saturday be unique and fresh.

9:00 PM – Announcements after Campfire

9:45 PM Cracker Barrel at Pavillion #4

Morning Events

Fire Building

Without fire, there is no warmth, and no cooking. Given a match, build up your fire until a string at an established height is parted. Timed event – and if you need another match, you'll have to trek to get it, using precious time.

Water Relay

Water is the stuff of life, and the first means of transporting it from the water source to where it was needed most was a bucket. Unfortunately, your bucket has aged and sprung a leak or more. You'll need to move water from the source to where it's needed – more than one trip may be required depending on how fast you transport the water, and how well you plug your leaks.

Lashing

Lashing skills were used to construct shelters, cross rivers, and transport your equipment. Your task will be to lash spars using specified lashings. Time and accuracy counts!

Animal Tracks

Tracking animals was a good thing to know. Prove you can bring back identified plaster-of-paris impression of animal tracks from the area. Do not, however, bring back the animal (alive or dead) and under no circumstances should you try to trap any – we will not be responsible for skunk encounters.

Compass Event

Without knowing your directions the pioneer could have ended up in Boston rather than St Louis. Which is fine if Boston was your intended location. In this event, you will move through three courses of compass direction determination. Speed and accuracy wins the event.

First Aid

Accidents happen, and speed is critical in treating injuries. In this instance, you'll need to bandage, stabilize and transport using supplied equipment. Don't kill the patient getting to a doctor!

STEM

STEM activities for Cubs will be explained and demonstrated at Cub Pavilion.

OPEN INVITATION

We can always use more demonstrations of amazing scout skills!

Afternoon Events for CUB SCOUTS

Short hike to Fort Hussman and Eagles Nest.

2 adult leaders must go with the Boy Scout Guides with each group of Cub Scouts.

After the hike - - - - free time = Creek Time!

Afternoon Events for Boy Scouts

Camp Gadgets

For Boy Scouts Only. Using your lashing skills, construct a camp gadget. This is NOT a timed event, but accuracy and ingenuity counts. Camp Gadgets to be displayed at HQ by 3 pm.

Ultimate Frisbee

For purely fun an ultimate Frisbee game in the Sports Field.

Skit Preparation for Saturday

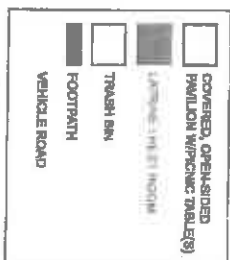

Please plan something unique. Something not seen before at each camporee – such as WWII “Hans”.
